Subject: Hanover's wood burning plant proposal

can you please get this to city council, conservation commission, city planning and the manager.
thanks,
amelia sereen
ward 2

i am concerned that the Hanover proposed wood burning power plant seems likely to be situated at the upwind boarder with Lebanon.
Have we any say in the matter?
Is there any measure of the particulate polution and its distribution?
i note articles in today's media re health and particulate pollution.

thanks for your attention,
Amelia Sereen
