

Water Connection Permit Application Checklist and Conditions

Please initial by each Item or add N/A if not applicable for all sections that apply.
ALL items must be attached before the application can be reviewed.

*****ANY ADDITIONAL INFORMATION RELATING TO THE UTILITY
MAY BE REQUESTED BY THE DEPARTMENT OF PUBLIC WORKS *****

General Checklist

- _____ Page 1 of this application must be completed for each Utility requested
- _____ A Completed Excavation Permit from the City of Lebanon (If excavation within a City Street or right-of-way)
- _____ I understand that Utility tie-sheets are required and will provide them after the work is completed.
- _____ I understand that excessive inspections could result in additional fees

Water Checklist

- _____ Plans detailing backflow preventer device attached
- _____ Plans detailing pressure reducing valve (required when pressure is greater than 80 psi)
- _____ Plans detailing separate lawn irrigation system, when applicable
- _____ Plans detailing fire suppression sprinkler, when applicable
- _____ Fire sprinkler flow test data attached, when applicable
- _____ Internal riser detail

In consideration of the granting of this permit, the undersigned agrees to the following:

- _____ 1. I have read this permit and understand the requirements and conditions this permit imposes. I hereby agree to comply with City of Lebanon Code, Chapters 68, 72, & 182 which state the rules and regulations of the Utilities Maintenance Group and understand that lack of compliance could result in termination of water service. By signing this application, I am granting permission to the Utilities Maintenance Group to enter my property to perform the service which I have requested.
- _____ 2. All inspections must be scheduled with the Utilities Maintenance Group **at least 48 hours in advance.**
- _____ 3. Inspection by a City employee must be completed prior to any portion of the work being covered with soil.
