Amendment #1

Amend the Residential One (R-1) District to allow the height of a proposed building to exceed the 45 ft. maximum by up to 10 ft. if the additional building height is for the purpose of accommodating a parking structure underneath or within the building. The applicant would need to apply to the Planning Board for a Conditional Use Permit and demonstrate that the proposed additional building height satisfies the Enhanced Performance Standards set forth in Section 302.D.4 of the Zoning Ordinance. If a Conditional Use Permit is granted, the building will be required to be set back an additional two (2) ft. from all lot lines for every one (1) ft. of additional building height approved by the Planning Board. *(Zoning Ordinance Section 308.3 and new Section 308.4)*
