For Immediate Release

Water Main Flushing

DURING OCTOBER 12 thru 15, 2021

The City of Lebanon will be flushing water mains (weather permitting) through hydrants in the following locations:

Abbott St	Edwards St	Little Heater Rd	Pershing St	Spring St
Avon Ave	Elm St	Mascoma St	Pine St	Tannery Ln
Brookside Dr	Evans Dr	Mechanic St	Prospect St	Tuck Rd
Buckingham Pl	Foch Ave	Messenger St	Renihan Meadows	Union St
Chestnut St	Freeman Ave	Miracle Mile	School St	Valley St
Church St	Green St	Myers Way	Seminary Hill	Water St
College St	Hanover St	Myra Ave	Shaw St	Wellington Cir
Congress St	Heater Rd	Nottingham Cir	Slayton Hill	
Dartmouth Ave	Kimball St	Ora Ave	South Park St	
Dulac St	Labombard Rd	Peabody St	South St	

Flushing will be done between the hours of 7:00am to 3:00pm.

When the City is “flushing” the water lines you may see a fire hydrant wide-open allowing water to flow down the street. This process moves water through the pipelines at a fast-enough rate to clean the lines, clear stagnant water, and ensure the water the City delivers to your home is of the highest quality.

Residents and businesses in the general flushing area(s) should check their water before using. If the water is discolored or dirty, let the cold-water taps run for a few minutes and the water should clear up.

If anyone has concerns or questions regarding this work, please contact the Public Works Office at (603) 448-3112.

Authorized by: Jay Cairelli, Assistant Director, Public Works
